The Senior Symphony Players Present

THE FINAL MOVEMENT

The conductor mounts the podium, raps his baton for attention, and as the audience becomes still, begins the final movement of the Senior Symphony. As the notes fill the huge concert hall, we are reminded of the many pleasant hours which have been spent rehearsing for this symphony.

In this classbook, we of the Parade staff have attempted to cut a recording of movements preceding this finale, that they might not be forgotten.

This is not, in a sense, the final movement of our symphony, but the prelude of the much greater symphony of life.

It is our sincere hope that, as we begin the performance of this last movement, the beautiful music we have made here will not be forgotten.

The Parade Staff

There Is An Urgent Need *for* Trained Accountants

mental accounting (civil service), and in the employ of firms of Certified Public Accountants assures graduates a bright future. Certified public accountants and attorneys-at-law teach. Registration for Fall classes in day or evening school will begin August 1, 1952.

93 Ounces of Progress

No one could ever call a typical 1880 telephone operator light-headed. Especially when she had her headset on—all six pounds six ounces of it.

That 1880 headset, though, was a good piece of equipment—the best of its day. But with its box-like transmitter and leather harness, it couldn't, by any stretch of the imagination, be called comfortable.

Today, of course, it's a different story. The telephone operator now wears a streamlined headset that weighs only nine ounces—93 ounces less than the 1880 model. It fits her like a new spring bonnet and makes her job as the "Voice with a Smile" easier than ever before.

And speaking of jobs, if you're graduating this year, and are looking for an interesting, important job, Michigan Bell may have one for you. Why not drop in soon for an interview?

Adventure

*Round the next corner and in the next street
Adventure lies in wait for you.
Oh! who can tell what you may meet
Round the next corner and in the next street?
Could life be anything but sweet
When all is hazardous and new
Round the next corner and in the next street?
Adventure lies in wait for you.*

—E. F. A. Seach

We sincerely hope all your adventures will be wholly pleasant.

If you were to ask those who graduated, one, five, ten or fifteen years or more ago, we rather think they would tell you that both your adventures and your ventures will be more pleasant and more profitable when you have a bank account.

You will never be sorry if you save. It is never too early or too late to start a bank account with us—but for you the sooner, of course, the better.
